EPMSA'S MISSION STATEMENT:

To preserve and enhance the downtown area as the heart of East Point, communicating a sense of place, community pride and heritage, while providing for a successful business and residential environment.

The state's official holiday campaign is making a stop in East Point on Dec.2 from 5:30-7:30pm. Come out and take your picture with Izo the traveling snowman at City Hall (2777 East Point St). Izo will be enjoying holiday music, hot cocoa, kids activities, a visit with Santa and the annual tree lighting. Visitors are encouraged to take pictures with Izo and post them to his photo album on Facebook and Twitter (under "Explore Georgia") and on the Downtown Facebook Page (under "EPMSA East Point").

Izo is a snowman from up

North who has traveled to Georgia in search of a more temperate climate and authentic holiday experiences. Izo is visiting holiday events, festivals, destinations, and more across the state through January 8.

"Izo Explores Georgia" is an opportunity for the state's tourism assets to promote their Georgia holiday special offers, festivals and events via the state's social media channels and www.ExploreGeorgia.org. The campaign encourages visitors and locals to "follow" Izo as he travel across Georgia. It is an excellent opportunity to not

only increase the state's social network, but encourage existing fans and followers to get out and Explore Georgia.

Also, don't forget to attend the EPFM Holiday Market, Saturday, Dec. 10 from 9am -1pm at Fire Hall #1 (2757 East Point St.). Come shop for seasonal produce, arts & crafts, unique gifts, honey, baked goods and more!

FLASHBACK FEATURE

Fixing Things in the Past and Present

When I was growing up in East Point in the 50's, there were three hardware stores. There was McCoy Hardware, Moon & Hemperly Hardware and King Hardware. Moon & Hemperly was purchased by Robert Stephenson and he changed the name to Stephenson Hardware Co. King Hardware was next door to McCoy Hardware on Main Street and later moved to College Park.

East Point Hardware was established sometime in the 1900's. Andy McCoy's father purchased the store sometime in the 1930's. Andy McCoy took over the store when his father left to open another hardware store in Hapeville.

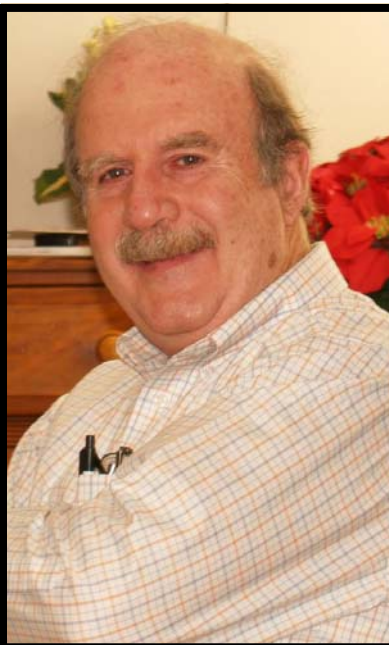

In 1965, Robert Berryman, owner of The Gun Room in East Point, purchased McCoy Hardware from Andy McCoy and moved The Gun Room into the hardware store. It was at that time that he changed the name to East Point Hardware Co. In 1968 my wife and I purchased East Point Hardware and The Gun Room moved to the location that is now the Crystal.

Several years later we moved the hardware store two buildings down to what had been Carvens Fabric Store. We stayed there until 1985 when we moved to our present location.

In July of this year, we decided it was time for us to retire and we sold the business to a young man by the name of Sonny Singh.

We have experienced a wonderful relationship with our customers over the last 43 years and have made a lot of longtime friends. We would like to see Sonny have the same experience. Therefore, we hope everyone will come by the store and welcome him to East Point and support him as you have supported us. You will see the same employees working for him as worked for us, ready and willing to help you in any way.

-WYLIE CALLAHAN

Wylie Callahan grew up in East Point and is a member of two of the city's most historic families. The Callahan's have been in East Point since 1900. His great grandfather, William B. Callahan was a newspaper man as well as the owner of "Callahan and Sons", a firm that prided itself for raising the best Rhode Island Red's in the state. His grandfather, Render Callahan sat on city council and gave his life while in service to the citizens of East Point. His other great grandfather was A. S. Schell, one of East Point's charter signing members and a pioneering citizen. During high school, Wylie worked for a local hardware store and enjoyed it so much that after serving in the Navy aboard the U.S.S. Kitty Hawk, he opened East Point Hardware.
